

THE DRIP LINE

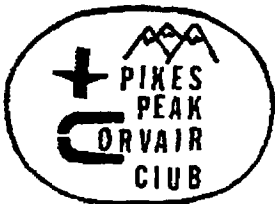

Vol. 25 No.1

January 2001

Please plan to attend the meeting
January 24, 2001 at 7:30pm

A Publication of:

A Chapter of:

Notes from the President

We has a very nice Christmas Part with lot's of good food. The gift exchange was entertaining as always. Then came the time for the election of officers for next year, 2001, as always, no one volunteered. The last time I had been President was in 1982 so it was about time I took a term again. A big Thank You to the out going officers for all their work and devotion for so many years. Without them, this club could not survive.

Now that I have retired, I should have more time to attend club activities. I am looking forward to the Tri-State and hope to have my four door convertible going again by then. It needs a new paint jog and the interior is faded so we plan on updating it. I would like to put a 140 motor in it as only has a 110 and it's getting pretty tired.

I hope everyone had a Safe and Happy Holiday and the New Year ahead will be a good one for all.

Hope to see more of you at the regular meetings where plans for all our activities are worked out

John Glusick

PIKES PEAK CORVAIR CLUB

2001 OFFICERS

PRESIDENT	John Glusick	372-3766
VICE PRESIDENT	Ken Brown	481-6802

All correspondence to PIKES PEAK CORVAIR CLUB or its officers should be mailed to:
PO BOX 15034, Colorado Springs, CO 80935.

The DRIPLINE is a monthly publication of the PIKES PEAK CORVAIR CLUB, a non-profit organization. Deadline for submitting information to the DRIPLINE is the first Tuesday of each month for that months' publication.

Business card size ads, advertising business services of both members or non-members are \$2.50 per month. To save time and money advertisers are asked to send \$15.00 for six (6) months or \$30.00 for one year of advertising. Send your advertising check to: PO BOX 15034, Colorado Springs, CO 80935.

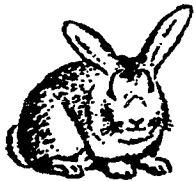

Simple classified advertising of CARS FOR SALE or PARTS FOR SALE or WANTED ads are free to members, non-members will be charged \$2.50/month
All correspondence to PIKES PEAK CORVAIR CLUB or its officers should be mailed to:
PO BOX 15034, Colorado Springs, CO 80935.

MEETING MINUTES

The meeting was called to order, after a lovely dinner, by outgoing President Garrie Fox. The only thing on the agenda was election of new officers for next year. They asked for volunteers to fill the positions of president and secretary. After a long silence, John Glusick and Dee Glusick agreed to enter their names for the openings. There were no other nominations. The vote was unanimous to accept them.

The meeting was then adjourned.

Respectfully submitted,
Dee Glusick. Secretary

Corvair Price Guide

contributed by Bill Reider

Here are the December 2000 prices of Corvairs from Old Cars Price Guide. If you want to check to see what your Corvair is worth, you will have to know what grade your car is and go from there.

Grade 1 is Excellent: Restored to current maximum professional standards of quality in every area, or perfect original with components operating and appearing as new. A 95-plus point show car that is not driven.

Grade 2 is Fine: Well-restored, or a combination of superior restoration and excellent original. Also, an extremely well maintained original showing very minimal wear.

Grade 3 is Very Good: Completely operable or older restoration showing wear. Also, a good amateur restoration, all presentable

and serviceable inside and out. Plus, combinations of well done restoration and good operable components or a partially restored car with all parts necessary to complete and/or valuable NOS parts.

Grade 4 is Good: A drivable vehicle needing no or only minor work to be functional. Also, a deteriorated restoration or a very poor amateur restoration. All components may need restoration to be excellent, but the car is mostly usable as is.

Grade 5 is Restorable: Needs complete restoration of body, chassis and interior. May or may not be running, but isn't weathered, wrecked or stripped to the point of being useful only for parts.

Grade 6 is a Parts Car.

Notes from the President

PRESIDENTS PAGE It was great to see so many people out for our meeting last month. Keep coming. Garrie Fox brought goodies and Orita Wiltout said she would bring something this month. Thanks to you both. We are getting a great start on the Tri-State, with the help of our members. We have made a trip to Colo. Spgs. And looked into the facilities at the Castaways. That is quite a place. The rooms are very nice and the Suite that Miles Wiltout has reserved, and will let us use as a Hospitality Room for registration, is going to be perfect. Thanks Miles. We have reserved a block of rooms and they will hold them, for our people, until April 15th. If you are planning on staying there, you better make your reservations now; call toll free (877) 586-3300. Be sure you tell them you are with the Tri-State Corvaair Tour. I am working on my stepfather's car now and plan to start Dee's convertible as soon as I get this one out of the spray booth. It is so far back in the storage building that I am thinking it would be easier to remove some of the back wall and get it out that way rather than try to move everything in front of it. Well we will see. I will be in **BIG TROUBLE** if I don't get her car done for this tour. Hope to see you at the next meeting.

John

MEETING MINUTES - Pikes Peak Corvair Club - January 24, 2001

After watching a video of cars for sale brought by Garrie Fox, the meeting was called to order by President John Glusick. John thanked everyone for such a good turnout. The minutes from the last meeting were approved as printed. John Kohl gave treasurers report. No new business. Old business was the Tri-State. A review of what had already been done, The Castaways in Manitou is Head Quarters. CORSA was sent a date and place, for the calendar of events. There was some discussion about what we should do for the event and it was decided that a barbecue would be nice on Friday night to start the event off. Miles and Orita Wilttrout will chair the Friday night barbecue. It will start at 6:00 PM. Registration will be from 3:00 PM to 6:00 PM on Friday night. Open again on Saturday morning from 8:00 AM to 9:00 AM to get the late arrivals. The Saturday Show & Shine will be from 9:00 AM to 12:00. They will have one hour to eat before the tour will begin. Debbie and Denise Pleau will chair the tour. John and Dee Glusick will set up the banquet and get the prices on food and rooms to be put into the CORSA Communiqué. John Glusick presented (SOMETHING TO THINK ABOUT). He suggested we put together a committee of members to check on Corvairs that were doomed for the salvage yard or ones someone had to move out of their yards and needing to sell cheap. He said he could provide a place, at the back of his acreage in Penrose, to put them and could put a small place to store parts in the same area. We could put the cars there and take what was good off them or if it was a complete car, just store it there until someone needed a part off it. Club members would pay half the market price. A non-member, that needed a part, if the club had extras parts, those parts could be sold to them for full market price. It could be a source of parts for the members plus a moneymaker for the club. It could be a club project to strip the cars we wanted to sell for junk. Take this into consideration and we can explore it further in the future. The meeting was adjourned.

Respectfully submitted,

Dee Glusick,

Dee Glusick, Secretary

Vol. 25 No.4

April 2001

Please plan to attend the meeting
April 25, 2001 at 7:30pm

A Publication of:

A Chapter of:

Notes from the President

Well, we almost made it to the meeting last month. Hope it was a good one. Time is either going faster or I am getting slower. I would need another three months to get the Corvair going so it looks like Dee will have to bring her Audi, that is if it ever gets out of the garage. It was what we were driving to the meeting.

We will be finishing up some of the plans for the Tri-State at the next meeting so try to attend. We will be stuffing the goodie bags.

Those of you, from our club, that plan to attend and have NOT TOLD US, please let us know as we are going to have name tags indicating what you have paid for so you can get in. If you can't make it to registration, Mail your check to Dee Glusick, payable to Pikes Peak Corvair Club, and we will mail your tags to you.

I hope everyone had a nice Easter with family and friends.

John Glusick

Club Calendar

April 25 - Club Meeting at the NCOA Clubhouse, USAFA. See You There!

May 13th - Second Sunday Brunch. At the Academy Club, USAFA Please Call Ben Benzel for Reservations.

Tri-State Meet - May 18-20, Manitou Springs, Colorado

May 18th Picnic at Antlers Park. 6-8p.m. May 19th Car events and dinner at the County Line
May 20th Tri-State departure

May 20th (Sunday)- Tour Tejon

July 1st (Sunday)- Mountain Mania Car Show

Corvaair Tri-State May 18 - 19, 2001

Enjoy the splendor of springtime in the Rocky Mountains and attend the annual TRI-STATE CORVAIR MEET in Historic Manitou Springs, CO. The area offers such sites as Pikes Peak, Air Force Academy and Garden of the God's, just to name a few, plus many more beautiful places close to this area. Plan to stay longer and see them all. Plan to attend the Friday night "Pizza in the Park" at Antler's Park on May 18th 6-8p.m. for \$5.00 per person. The Show & Shine will be Saturday morning, May 19th at the Garden of the God's Visitors Center. Tour the area in the afternoon and end up with a wonderful Banquet at the County Line for \$18.00 per person and \$10.00 for children under 12 years of age. Please make you reservations now, as we need a head count. Call John or Dee Glusick at (719) 372-3766 or write P.O. Box 126, Penrose, CO 81240-0126. You can also e-mail to: glusick@prodigy.net Rooms will be available at Castaways - (877) 586-3300 starting at \$69.00 until April 17th. Or the Alpine Motel - (800) 289-5455 starting at \$49.00. Hope to see you there.

MEETING MINUTES - Pikes Peak Corvair Club - January 24, 2001

Pikes Peak Corvair Club

March 28, 2001

The meeting was called short due to weather and a lack of attendees. Those of us who did show, had a nice chat about our Corvairs for a few minutes then left about 8:30.

Respectfully submitted,

Larry A. Neal, Editor

A Few Notes About The Tri-State Meet Next Month

Friday May 18th between 6 and 8 p.m. we will be having a pizza picnic in the Antlers park to kick off the Tri-State Meet. The cost of this will be \$5.00 and includes soft drinks and pizza. Please let John or Dee Glusick know if you plan on attending.

Also, please plan on attending this month's meeting to get all the information on the Tri-State activities such as the car events and the Saturday evening buffet at the County Line.

Notes from the President

Finally, the snow has melted and we can look forward to nice weather, I HOPE. We can all enjoy the blossom trees and flowers that are coming out, even if they make me sneeze.

Things are winding down for the Tri-State. Everything is falling into place thanks to the help of our members. People have come up with some nice door prizes and raffle items. Hope to see all of you there.

Our next meeting will be after the Tri-State so we will have a report on how things went if you were not able to attend. Hope to see you all at the next meeting.

MEETING MINUTES - Pikes Peak Corvair Club - January 24, 2001

Pikes Peak Corvair Club
April 25, 2001

The meeting was called to order by President John Glusick. John did the door prizes. He read the invitation from RMC to join them April 29. No one wanted to go. The minutes from the last meeting were approved as printed. John Kohl was not present so there was no treasurer's report.

Old business: John reviewed the plans for the Tri-State. It was decided we needed at least 15 door prizes for the banquet so each member that was there that night is going to get something for a door prize. Garrie asked for a show of hands, for the wedding, to raise funds for the club. Ken Brown, Garrie Fox, Walt, Miles and two of John Koll's cars will make up the five cars we needed.

New business: The Sky Socks has invited us to the Mothers Day game. It was decided to cancel the breakfast that day and go there May 13th.

The meeting was adjourned and we stuffed goodie bags.

Respectfully submitted,
Dee Glusick, Secretary

ATTENTION COLLECTOR PLATE OWNERS

by Steve Goodman

On occasion at the shop someone asks me about checking their emissions levels because their COLLECTOR plates are coming due and they need a test.....or worse; they drive into the emissions testing businesses and ask for a test because their collector plates are due. GUESS WHAT emission testing facility will not ask you about the collector plates, they will simply run the test and charge the \$15.00.

HOWEVER remember that if you are simply renewing the plates at the end of the 5-year period NO NEW EMISSIONS TEST IS REQUIRED. All you do is send money to the State of Colorado. In the beginning of the new emissions rules that we are now under, once passes the test the first time and gains the collector plates, no other test is required until the vehicle is sold OR the plates expire.

Depending upon the year and model, there are 11 to 13 different types of lamps used on Corvairs in 27 to 33 separate locations. If you want to carry "on-board spares" for the most critical applications, get the following:

1960 1 ea. #57, 1 ea. #67, 1 ea. #1034, 1 ea. # 4001, 1 ea. #4002

1961 - 69 1 ea. #67, 1 ea. #1157, 1 ea. # 1895, 1 ea. # 4001, 1 ea. # 4002

Of course you can carry more -- except for the headlights, they are small and lightweight.

* George MacMannis recommends 1077B instead of the 1157 for the tail lights -- available from Super Trak. Another alternative is WAGNER #2357, a 40 cp bulb to replace the stock 1157.

** These are hard to find. Most available have bulbs that are too fat. George MacMannis has found ones that fit at Pep Boys.

Borrowed from *San Diego Vairmail* by way of the *Vair Street Journal*, Western Pennsylvania Corvair Club

PAINTING A CARBURETOR -by- Mike Stickler, CORVAIRS OF NEW MEXICO

After cleaning a carburetor in carb cleaner the factory finish is removed in the process and you are left with an aluminum finish. The original finish on Spyder carburetors is black and on other carbs it is a gold or brassy finish. Ordinary paint will wash off with gasoline. Powder coating is expensive and may not be recommended due to the high temperature of the curing oven.

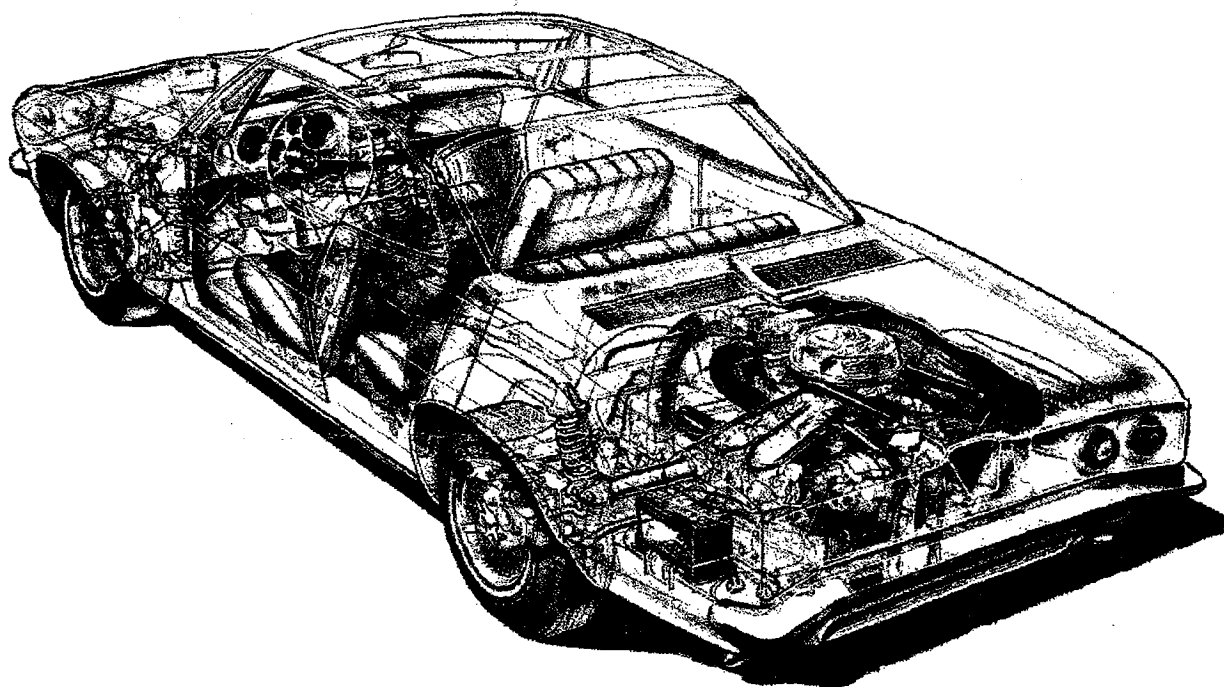

The best solution I have found is to paint the carb with "Hot Fuel Proof" paint found at hobby shops that sell gas powered model airplanes.

These paints may dry with a glossier finish than desired, so another tip is to flatten the finish with talcum powder. Sprinkle the talcum powder on the not-yet-dry paint and then wash it off when the paint is fully dry. The degree of flattening is adjusted by how soon you "dust" the paint after spraying. You can experiment on scrap pieces first to get the desired effect.

A Chapter of:

Notes from the President

Well, it seems we have gone from cold one day to HOT the next. Where did spring go? We don't seem to have much of it anymore.

The Tri-State went off GREAT, with just a few little problems that were handled very well by our members. A BIG THANKS TO EVERYONE THAT HELPED. Of course, the weather had to be a little rainy but we almost made it through the car show with out any. All those who went on it enjoyed the trivia tour. Thanks John Koll for your work on it. Sorry you couldn't be there. We missed getting the "participation award " by 10 people. Denver walked away with it., We should all plan on going to Grand Junction and try to make it OUR TIME TO SHINE.

The next meeting will be June 27th and Jon Anderson has said he will bring some refreshments. Thanks Jon and all those who signed up to bring something for the rest of the year. This way Dee doesn't have to bake all day. If you would like to have some programs, at the meetings, let me know and I will see what we can come up with. See you there.

MEETING MINUTES - Pikes Peak Corvair Club - January 24, 2001

Pikes Peak Corvair Club
May 23, 2001

The meeting was called to order by President John Glusick. He thanked everyone for the work they all did on the Tri-State.

The minutes from the last meeting were approved as printed. John Kohl was not present so there was no treasurer's report.

Old business: Steve Goodman sent thanks to all for their help through Ken Brown. Larry Neal thanked the officers who worked on the Tri-State. Next years will be in Grand Junction, May 18-19, 2002.

New business: Ben told about the Tour Tejon show. We have a new member who owns Four Wheel Specialists - Ed Flower. It was decided not to have a breakfast Aug. 12th and have the annual picnic that day instead. Ken Brown will cook. A \$2.00 per person will be charged to cover the cost of meat and everyone is to bring a potluck dish. Children 12 & under are free. There will be no September meeting. We will plan the Aspen Tour at that time instead.

Door prizes were handed out and the meeting was adjourned.

Respectfully submitted,
Dee Glusick, Secretary

June 27 - Club Meeting at the NCOA Clubhouse, USAFA. See You There!

July 1st (Sunday)- Mountain Mania Car Show

July 8th - PPCC Second Sunday Brunch at the Air Force Academy Club. 10:00 am.
Call Ben Benzel for information and reservations at (719)598-6886

August 12 - PPCC Annual Picnic! Note: this is on a Sunday this year

August 19 - Rocky Mountain Corsa Annual Picnic! See Flyer for details

Short Takes

Be sure an take notice of the change for our club picnic. It has been moved to a Sunday to take advantage of our nice afternoons here in Colorado Springs!

I also see the Buena Vista car show is coming up fast in July. This is a very nice show in a picturesque setting surrounded by mountains. Please consider attending with some of our friends from Rocky Mountain Corsa who will be there as well.

Aug. 18

DRIVE FOR A SURVIVOR CAR SHOW AND FESTIVAL

This is a charity event to help a cancer victim and his family with expenses. PAPPY is a fellow CORVAIR enthusiast and was stricken with leukemia. The Festival will be AUGUST 18 in Peyton, Colorado, 30 miles east of Colorado Springs.

There will be food, fun, games and vendors. If weather permitting, a small air show also. There will be entertainment by LITTLE girl BIG guitar and SOUND UNLIMITED. The event starts at 10:00am to 6:00pm. Winners of the car show will be announced at 4:30pm.

Prices are: Vendors \$25.00 per space (bring your own table). \$5.00 discount if you bring a baked item. Car entries are \$10.00, admission is free to the car show and festival. All proceeds go to the victim.

Directions to the event are: Hwy 24 east to Elbert Rd, turn left, go to Murphey Rd, turn right and follow the signs. Once on the dirt road about 1/4 mile to festival. The address is: 20235 Murphey Rd. If you would like to participate in the show please call 720.351.2601. All entries and space rentals must be in by August 1.

This is sponsored by the B&C Metaphysical Store.

New Members!

We want to give a Club welcome to Ed and Brenda Flowers, 4290 Vicksburg Terrace, C/S CO 80917. 570-0444. Ed does not currently own a Corvair but will build a V6 or V8 conversion. He is President of 4WD Specialists at 4712 Austin Bluff Pkwy and loves the supercharged Jeeps.

Welcome Ed and Brenda, our Club is also your Club.

Ben Benzel, Membership

Thank you PPCC Members

To all members of PPCC: On behalf of Betty Jo and myself I want to thank you for the recognition and the very nice plaque presented to me at the Tri-State. For those who didn't see it, it was for: "For your many years of devotion and service to PPCC - "Thank You".

I appreciate it very much and you caught me without words to describe. That's tough to do!!

Thanks again,

Ben

A Chapter of:

Notes from the President

JULY

With the tour to Chinle over and Grandpa's 1953 Buick on the road, I have started on my next project. I would like to get my 1972 Mustang ready for the Goodguys Car Show in September. I know Dee, then it is your Corvaire Convertible next.

We had a good turn out at our last meeting and the reports on the Tri-State were favorable. Thanks again to everyone who helped.

The Denver Club has invited us to their picnic on Aug 19th at Arapaho Park, which is at 44th and Indiana. It is easy to find according to Steve "off I-70 and Ward Road and then west on 44th Ave." There were about eight of us who said they would attend and if you want to go, and were not counted at the meeting, just call Steve Goodman or us. The time is from 11:00 AM to 3:00 PM and there will be a \$3.00 fee to cover the cost of the park and food. There was a big write-up in June's Drip Line so you can check it if you need anymore information. They were talking about having a Show at the same time so polish up your Corvaire and plan to attend.

We have the date; December 9th set for our Christmas Party at County Line. That is on a Sunday so our friends from Denver can come down. If I don't hear any reason to change it, I will confirm that date.

MEETING MINUTES - Pikes Peak Corvair Club - January 24, 2001

Pikes Peak Corvair Club
MEETING MINUTES
JUNE 27, 2001

The meeting was called to order by President John Glusick. He reported on our tour to Chinle AZ and the only Corvair present on the tour. A 1963 4 Dr. Sd. owned by Ed & Jean Olwine who just happen to be members of our club. It was very hot there but the Corvair made all the tours and "didn't boil once".

The minutes from the last meeting were approved as printed. John Kohl gave the treasurer's report. It was accepted.

Old business: John reported he talked to the people at the Forney Museum of Transportation about showing the cut-a-way. They would be interested but only for a month.

New business: The upcoming activities were discussed. Breakfast July 8th at Air Force Academy, Aug. 18th is a show at Peterson Air Force Base, Aug. 19th is the Denver picnic at Arapaho Park. Dennis Pleau reported the CORSA International Convention will be in Flagstaff on June 26-29, 2002. If he is called upon for the Concours Judging, he will need some help and he asked our members who plan to attend, to let him know.

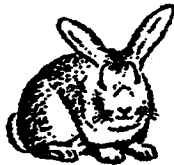

A three-day tour to the Pioneer Village in Minden, NE was discussed. John & Dee will check it out and report back. An Oct. date around the 10th.

A thank you to John & Dee Glusick for the article in the Communique and to Walter Hundermark for talking to the President of Corsa, Mark Domzalski, about the Pikes Peak Raceway Museum building being a good place for the CPF to relocate. (See "From the President" in July 2001 issue of CORSA)

Ben gave a 1964 Hubcap to who ever needed it.

Door prizes were handed out and the meeting was adjourned.

Respectfully submitted,
Dee Glusick, Secretary

Notes from the President

AUGUST

We had a good turn out at our last meeting and thanks Larry for bringing the goodies.

We talked about a three-day tour to Pioneer Village for October of 2002. This would be a fun place to go and the more people who go the better rate we will get. Think about going and plan for it next year. We would have two nice tours to go to. One in May to the Tri-State and this one in October to Minden, NE. Sounds like fun to me.

Don't forget our picnic the 12th and Denver's the 19th. Bring your favorite side dish to each.

If you are looking for a nice place to show off your Corvair, try the many Cruise Nights around the area. Colorado Springs has one every Saturday night. Ask Ben Benzel about that one. He loves to show off his Corvair there. KRDO radio sponsors one in Pueblo every third Saturday and Denver has lots of them. They are fun to go to and just talk cars with other people there.

MEETING MINUTES - Pikes Peak Corvair Club - January 24, 2001

Pikes Peak Corvair Club
MEETING MINUTES
July 25, 2001

The meeting was called to order by President John Glusick.
The minutes from the last meeting were approved as printed.
John Kohl was not present so there was no treasurer's report.

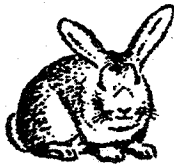

Old business: The current prices for Pioneer Village was reported and it was suggested we plan on next year for the tour in October. It would be over Columbus Day weekend. We would drive out the 12th, see what we could on the 13th and drive home the 14th, 2002. We will invite the Denver Club to come along. The more we have the better rate we will get.

We decided to leave Colorado Springs at 9:00 AM to go to the Denver picnic. West Side Sears, Auto repair side.

New Business: Garry Fox reported on the Car Show at Gunnison, CO August 17 to 19th. It is a nice one.

Door prizes were given and meeting was adjourned.

Respectfully submitted,

National Corvair Day October 2

It's official well not actually but we are trying anyway!! We are aiming to have October 2 as "Drive Your Corvair Today" day all across the US and Canada. The object is to get as many Corvairs out that day as possible and get them in front of folks and show them off. I would like to encourage our chapters to real get behind this by encouraging your members to participate. Any event that will get attention is good (as long as it is legal!). Try a cruising that night or a local gathering at the mall. Try to get your members to drive their Corvair to work, the mall or anywhere they may be going that day. I would also like the chapters try to get some media coverage so to get the word out about the Corvair. Also, take pictures of your events so we can share them with CORSA members via the Communique. If we try hard at this I think we can have a lot of fun and also get some great, well deserved

PR
for the Corvair. (This started as an idea on Virtual Vairs (the internet Corvair group) and has gotten a lot attention and interest so we are asking everyone to pass the word.)

Remember, October 2 DRIVE YOUR CORVAIR. Mark your calendars and pass the word.

Bob

Robert Hill
Central Division Director CORSA
President, North Alabama Corvair Club

Notes from the President

Notes from the President

September is the Birthday month of our club, usually a time for celebration. Now September will also be known for the great tragedy that befell our nation. We should all pray for our Leaders, our Nation, and those who have lost family and friends so we will all become stronger Americans.

Because of the tragedy our Nation has experienced, the Air Force Academy is closed. It has been decided to have our Sept. meeting during our Aspen tour. It will not be a long meeting. We will meet at the south-side Sears Store, at 9:00 AM, Sept. 30th and leave from there. Our route has not yet been decided. It will depend on where the trees have changed. Hope to see you on the Aspen Tour.

A Chapter of:

Notes from the President

Notes from the President
SEPTEMBER

We had a nice turnout for our Aspen Tour. There were 15 people. Some of us drove a generic brand Corvair! We went down I-25 to Rye, past San Isabel and stopped at Bishops Castle. That place is something to see if you have never been there. The colors were really bright. The trees were all shades of gold and red. The day couldn't have been better. It didn't rain or snow! From there we came back through Wetmore and Florence to Penrose where we stopped at Mr. C's for lunch and our meeting. The total tour was 165 miles.

October's brunch will be the 14th at Phantom Canyon Brewing Company. It was suggested, and I made a presidential decision, to have our monthly meeting at the same time. Hope this will be OK with everyone? If not, just come for the brunch! We should be thinking about the election of officers in December. If you would like to run for President, Vice President or Secretary, please let us know or we will be looking for VOLUNTIRES at the Christmas Party.

TECH TIP - Steering Gear Adjustment

Here's an adjustment that takes about ten minutes - on the car - without taking anything loose.

If you have excessive play in your steering wheel, and it's in the gearbox (usually it's the pitman arm bushing), here's what you can do:

With the wheels in the straight ahead position, rock the steering wheel back and forth, noting how much effort it takes to rock it. Now loosen the large lock nut around the "Worm Bearing Adjuster" nut with a hammer and screwdriver, and tighten the adjuster nut; just "snug". Then rock the wheel and "back up" the adjuster so that there is little or no change in the effort necessary to rock the wheel. Next, loosen the lock nut on the "Lash Adjuster" with a 9/16" wrench, and hold it while you turn in the adjustment with a screwdriver. It will turn easily, so when you reach the "snug" position, rock the wheel again and see that all the play has disappeared.

If the wheel is now hard to turn, back off the adjustment slightly, reaching the best compromise of ease-of-turning and lack-of-free-play. Tighten the lock nuts and check for steering gear fluid.

Remove the filler plug and poke your little finger in there to check the level. If not up to the top (it won't be!), fill it up. And since it's a secret in the shop manual, I used 140 weight gear oil.

LES HUCKINS, CORSA WEST OF L.A.

Short Notice!

Jeff Berezne of Cornerstone Baptist Church is trying to put on a car show Oct 14th at 12:30 PM. He knows this is short notice but they didn't give him any time to plan it. He would appreciate any cars that could come down.

It's at 3615 Vichers Dr. You can call him at 719-590-1186 if you have any questions.

Stuff For Sale/Stuff for Free/Stuff...

'63 Monza 2 door Coupe. 4spd, 110hp, Silver(oxidized), Back interior need reupholstered, door panels in excellent condition. Body good (no dents), slight rust around rear wheel wells. Car has been in storage for 6 years (3 out/3inside). Running when stored, not started for 4 years. Was mechanically good when stored. Asking \$900.
Call Joseph Rubio H:719-590-9385 or W: 719-535-7224

Garrie Fox has 4 '65 or '66 bucket seats + 1 Back seat and 2 '66 coupe door available.
Contact Garrie if interested. 719-596-5051

Early Model floor repair panels (New from Clarks) front and rear.
\$100. Contact Larry Neal if interested. 719-570-9694

SOME CORVAIR CODES AND NUMBERS from The Corvaire Decade

The following three tables, have been extracted from The Corvaire Decade by Tony Fiore and are reproduced here for your reference.

In addition to the code numbers contained in this section, cam shaft part numbers may be found in the ENGINE-MECHANICAL section and distributor part numbers may be found in the IGNITION section. ⊕

Notes from the President

Notes from the President

November

Summer has come and GONE and as usual I only got a third, of what I had planned, completed. We got the Mustang painted in time for the Goodguys Show but didn't begin to do any of the interior, not to mention the running gear that needs some work also. The motor just needs a tune-up. But it is where we can drive it so, it will wait.

Now, my Daughters car is in the garage. She is learning to work on the body and it will be painting when she is through. Hope it will be where we can move it out soon. THEN, IT WILL BE TIME FOR DEE'S CONVERTIBLE !!!!!!!

We have been busy moving some of the cars we have in Pueblo up to here. That is a big job in it self. Those of you who have seen our six lots in Pueblo, know it is full of cars too. Is there such a thing as TOO MANY CARS. ----- NOT !!!!!!!

It seems to work out good, having our meetings the same time as our breakfast. See you all Nov. 11th. Plan to attend our Christmas Party, Dec. 9th, as we have a lot of fun with the Yankee Swap Gift exchange. If you are interested in any of the offices, that will be filled at the Christmas Party, PLEASE let us know. We would be happy to have you.

Hope everybody has a Happy and Filling Thanksgiving.

John Glusick

MEETING MINUTES - Pikes Peak Corvair Club -

Pikes Peak Corvair Club
MEETING MINUTES
Pikes Peak Corvair Club
Oct. 14, 2001

The meeting was called to order by President John Glusick.
The minutes from the last meeting were approved as printed.
John Koll gave a treasurers report and it was approved.

Old business: Still can't go to Academy for the meeting so will continue to have it at our breakfast. Reminder of Christmas Party Dec. 9th . Need to order catalogs for members to buy.

New business: No new business.

Door prizes were given and meeting was adjourned.

Respectfully submitted,
Dee Glusick, Secretary

Dee Glusick, Secretary

A NOTE FROM YOUR EDITOR

Hello everyone. Well, it's been a year now since I started doing this newsletter and I've mostly enjoyed it. Unfortunately I need to find someone else who would like to publish our newsletter. I've not had the time nor organizational skills to really do a great job. So I would like to turn the reigns over to someone who would be more motivated to excel at publishing this newsletter. If anyone is interested, contact myself or John and Dee Glusick. Thanks,

Larry Neal

Check For Exhaust Fumes

Richard Finch

Corvair drivers and passengers are ordinarily kept warm in winter months by hot air coming off the engine. If the engine is clean and has no oil leaks or exhaust leaks, this heated air feels very good on cold days, but if the exhaust manifold is leaking, this warm air could be very dangerous because it could contain lethal carbon monoxide fumes.

A major exhaust leak is obvious, but minor leaks may not be noticed until the driver and passengers are unconscious.

For \$2.25, you can monitor the exhaust leaks in your Corvair and avoid the fatal effects of carbon monoxide gas coming from the heater. You can buy a small indicator that can be placed in view of the driver and that will possibly save your life. This indicator is normally light tan in color, but if carbon monoxide fumes are present, the indicator turns dark brown to black, depending on the amount of carbon monoxide that is present.

If you do find carbon monoxide fumes coming from your Corvair heater, here is a list of possible exhaust leak areas that could be causing the problem:

1. Leaking around the exhaust tubes to the cast iron exhaust manifold on each cylinder head. The packing rings could be deteriorated, or the wrong ones may have been used.
2. Leaking at a head gasket, allowing combustion gases to escape into the heater.
3. Leaking at the cylinder head where the steel exhaust tubes press into the aluminum head.
4. Missing or deteriorated engine sheet metal, particularly at the rear of the engine.
5. Perimeter seal around the entire engine, where it seals to the Corvair body. This seal is supposed to keep road dust, as well as exhaust gas, out of the engine compartment and therefore out of the heater.
6. Leaks between the exhaust pipe and manifolds. The packing rings could be deteriorated.
7. Leaks in the crossover pipe (if used) where the two headpipes join together.
8. Tail pipe that ends before the outer body panel.
9. To a lesser degree, if the rear of the engine lid seal is leaking, exhaust fumes from the tail pipe can be sucked into the engine compartment and the heater, even if nothing in the exhaust system is leaking.

You can order the carbon monoxide detectors from Wag-Aero, an experimental aircraft parts supplier. Their address is below.

Inspect For Rusted Shrouds

Bob Kirkman

As the years go by, the Corvair engine is experiencing a serious rust-out problem with engine lower shrouds. As some say, that can be just the tip of the iceberg.

The problem is quite serious on the right hand side of the engine because the #5 cylinder exhaust take-down stack is nearly against the shroud. There is an asbestos/fiberglass type fabric seal collar installed around the exhaust manifold. This seal was intended to deflect road water from entering the shrouds and putting steam into the heater system. This seal eventually goes away or is omitted when manifolds are replaced. Now you have some water on the hot shrouds and the rust accelerates. The lower shroud rusts away around the manifold, but even more quickly the front shroud rusts away (that's the piece that mounts the 4" heater hose). Now the #5 cylinder exhaust take-down gets the road water and it begins to rust away. Progressive deterioration rusts away the take-down flange, and also the manifold at the donut seal. Final result is an exhaust leak that can be picked up into the heater.

While doing engine re-seal jobs, I found two cases of this excessive rusting. The cure involves a new manifold and a new take-down stack (which is not easy to replace). Then the whole process starts again if the rusted shrouds and seals are not replaced. Good shrouds are not easy to find; rusted ones usually must be cut and new metal welded in. If you are going into the southwest area of our country and find good used shrouds, snap them up and return home with semi-treasures! (10/88)

Early Car Heater Improvement

Danny Otey

While preparing my 1964 four-door for winter use, I remembered the weak heater/defroster (especially the defroster) of the early cars. There just never seems to be enough force of hot air where it is needed.

A simple way to increase the air flow to the front heater ducts and defroster outlets begins by temporarily removing the back seat. There you will find the heater hoses and ducts which channel the flow of hot air.

With the seat removed, turn the fan switch on high and push down the heat and air levers. You will probably feel a lot of air escaping from the duct work under the back seat. A fair amount of air is lost where the plastic duct stops behind the two metal heater flaps at the front of the back seat. I removed these two flaps with a Phillips screwdriver and taped both ends of the ducts shut. I also taped around all the joints where the hoses meet the ducts, to prevent any leaks.

After turning the heater fan back on, I checked for any leaks and then replaced the metal flaps and the bottom of the back seat. I noticed a greater volume of air coming out of both the front heater duct and the defrost outlet, and very seldom now use the fan while driving.

The only drawback is that the rear passengers will lose the heat at their feet, but since I use my '64 as a work vehicle, I primarily ride alone. It sure is nice to have a completely clear windshield rather than one with two defrosted half-moons. No sense in heating the rear seat springs anyway. (12/89)

A Chapter of:

Notes from the President

See you all at the Christmas Party.

John Glusick

Notes from your Editor

Happy Holidays to everyone in Corvair land! I hope this year has be prosperous for everyone. It's been a pretty good one for me. Once again I ask if any one feels they would like to take a shot at publishing this news letter. I've been struggling with it this year so if you'd like to do it I would not object (grin).

Regards,

Larry A. Neal

MEETING MINUTES - Pikes Peak Corvair Club -

MEETING MINUTES
Pikes Peak Corvair Club
Nov. 11, 2001

The meeting was called to order by President John Glusick.
The minutes from the last meeting were approved as printed.
No treasurers report.
John thanked everyone for coming out.

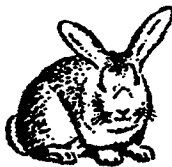

Old business: Still can't go to Academy for the meeting so will continue to have it at our breakfast. Reminder of Christmas Party Dec. 9th. Election of Officers will be at Christmas Party. Steve Goodman told about the Palm Springs Show. Laura Wilshire won Best of Show.

New business: Steve Goodman told about RMC New Years Day Brunch, Jan. 1st at Estes Park. It will start at 11:00 AM. Call Laura Wilshire for reservations. Talked about touring in the LaVeta area next year and trying to plan some tech-sessions.

Door prizes were given and meeting was adjourned.

Respectfully submitted,

Dee Glusick, Secretary

December 9 - Christmas Party at County Line Restaurant

January 1st 2002 - RMC annual brunch in Estes Park. See this news letter for more details!

January 12th 10:00AM - 2nd Sunday Brunch and Meeting at Phantom Canyon Brewing Company.
Call Ben at 719-598-6886 for reservations (required).

March 22-24 - Bonneville Corvair Club Gathering. See flyer.

RMC INVITES PPCC MEMBERS TO NEW YEAR'S DAY 2002 BRUNCH

The traditional RMC News Year's Day Brunch for 2002 will be again held at The Otherside Restaurant at 11:00am sharp. As many of you will remember the restaurant is in Estes Park.

To attend mail your \$17.00 per person (kids under 12 are \$1.00 per each year old) check (payable to RMC) directly to RMC Treasurer, Ray Klomp 3120 W. Harvard Ave Denver CO 80219, by DECEMBER 23rd.

The Other Side Restaurant is located at 900 Moraine Avenue, Estes Park CO. When entering Estes Park on highway 36 turn left on to Elk Horn Ave. Proceed through town to Moraine Ave. Make a left onto Moraine Ave. Keep to the right for a 1/4 of a mile looking for the 1st stop light. You'll pass by the Estes Park micro-brewery. Make a left hand turn at the 1st stop light onto St. Mary's Road. The restaurant is on your left. DRIVE YOUR CORVAIR.

Any questions contact Laura Wilshire at (303)530-3215 or Sir_lancealot@msn.com
